WILL PAY MERCHANTS

Fire Commission Charges a Fee.

COURT'S LABORS ALMOST DONE

The Claimants Must Pay Fee for Awards Which Goes to Expense Overdraft.

The court of fire commissioners completed their labors yesterday morning, and will file their awards as soon as the remainder of the certificates have been signed. As a final climax to their labors the commission devised a way by which they will pay back the \$4000 borrowed from the Honolulu merchants a few months ago to carry the work of the fire court to the end. This will be done by a charge of a small fee to each claimant when he receives the certificate of award.

Following the completion of their labors yesterday morning the fire commissioners called upon Governor Cooper and so reported, receiving the thanks of the acting executive.

Notices of the awards in a good many cases are already in the hands of Auditor Austin, and as soon as they are announced by the fire courts the certificates will be given out. The awards will be announced within a few weeks, and only a small number will be given out each day, so that neither auditor nor commission will be overworked. All the awards have now been signed excepting five books by Commissioner F. J. Testa. J. G. Pratt, who is now in Washington, has not signed, but as it requires only a majority of the signatures of the commissioners to make the award legal and binding, there will be no delay because of his absence. The commission examined over 6700 claims, and the total of the awards will reach into the millions. The appropriation made by the legislature was but \$1,500,000, but the awards of the court will be more than that sum it is thought, as Commissioner Pratt has asked for an appropriation from Congress of \$3,000,000. This was the aggregate of the claims filed, but the court reduced this amount considerably, and it would not be a great surprise if the final figures showed that the total awards were within the estimate of the legislature, or at least not in excess of \$2,000,000.

The certificates of award will now be placed in the hands of the auditor, who in turn will make out the warrants upon the treasurer. These warrants will be payable in one, two and three years respectively, so that as a matter of fact the claims are not payable for one year yet.

Undoubtedly, however, the warrants can be discounted at the local banks, as has been done in other cases.

Following the signing of the records of judgments the commission went into executive session, when the following resolution was introduced by Commissioner Kepoikai, by which it is hoped to secure a sufficient return for the payment of the expenses of the commission in excess of the appropriation:

That the chairman be and is hereby empowered to oversee the clerk in completing the records and other clerical work of the commission; to make up a financial statement of the receipts and disbursements of the commission; to make up a general report of the work of the commission to the governor; to issue certificates of awards to claimants and to collect a fee for each certificate of award based upon the following schedule:

Awards of \$50 and under\$0 25
Awards of \$100 and under 50
Awards of \$500 and under 1 00
Awards of \$500 and over 4 00

And from the proceeds of the above and any other funds of the commission to liquidate all outstanding obligations of the commission, including the advances to the commission by the merchants of Honolulu to the amount of \$4000, and interest thereon at the rate of 6 per cent per annum, together with such other expenses incurred and necessary to be incurred incident to the closing up of the work of this commission.

The resolution was seconded by Commissioner Lovelock and passed, all voting in favor of it excepting Commissioner Testa, who offered the following amendment:

Awards of \$50 and under\$0 25
For every \$50 or fraction thereof from \$50 to \$500 25
Awards of \$500 to \$2500 60
For every \$100 or fraction thereof from \$500 to \$2500 60
For every \$100 or fraction thereof from \$2500 and upwards 75

There being no second the original motion was adopted. An estimate of the returns under the fee rule has been made, and the commissioners expect to be able to pay from it all the expenses of the court in excess of the appropriation, including the \$4000 borrowed from Honolulu merchants.

itors living in San Francisco. The court stated that it looked very much like a case of the petitioner coming to Honolulu for the purpose of escaping his just debts. The bankrupt said that all the creditors had been notified, but the court refused to discharge him until he had heard from these coast creditors.

Swipes Jointly Raided.

Marshal Hendry yesterday arrested three natives on a charge of selling swipes without a retail license, and also for operating a brewery without having paid the tax required by the Internal Revenue Department. Collector Chamberlain also seized the liquor amounting to 100 gallons, which was found at the place of the natives beyond Camp McKinley. The liquor and still was destroyed. The names of the three men who are in trouble with Uncle Sam are Kahaneuapo, Kewea and Melena.

Bear Sirs: In my innocence I purchased in Honolulu a jar of your

Pin-Money Pickles

It brought me great trouble, and one of three things must occur:

1. You must stop making them; or
2. I must get them at less expense; or
3. I am a ruined man.

Since my first venture I've had many "jars." My family from early morning "Pickles," neighbors ring the door-bell and shout "Pickles," relatives visit me in expectation of "Pickles." These pickles are my Nemesis. Please, dear sir, quote them by the keg, barrel, hoghead, ton or shipload, and "preserve" me. Yours very truly,
